1. **Updates**

   - Public Health Emergency Declaration

2. **Standing topics**

   - FFY23 Roadmap

   - Upcoming Deliverables

   - Stoplight Status of Projects

Status of Public Health Emergency (PHE) Declaration

- The federal Public Health Emergency (PHE) started January 27, 2020
  - An official end date has not been announced.
  - It is officially valid through 1/10/23 unless ended earlier or subsequently renewed.
  - The Biden administration has committed to providing States with 60 days' notice prior to PHE termination.
- DHS and counties are facing a monumental renewals processing effort when the federal Public Health Emergency (PHE) ends
  - At end of PHE, all public program enrollees must have their eligibility redetermined. This will be done over a 12 month period.
  - Enrollment in public health care programs is up about 25% since the start of the pandemic.
  - Currently the public programs renewal process is highly manual for those who don't automatically renew and relies on a paper renewal form.
  - A top priority is to ensure that enrollees who are no longer eligible for public programs can transition to a qualified health plan through MNsure without gaps in coverage.
