

Application for the MNsure Broker Stakeholder Group

MNsurance established the Broker Stakeholder Group as a forum for obtaining advice and counsel on the broker program. Members are expected to share their opinions and leverage their expertise to offer input on current and future program operations. We anticipate that this group will be an important resource as MNsure implements its IT modernization plan and transitions to the new application technology.

- The stakeholder group consists of 10 to 13 certified brokers who are selected based on their expertise, connections with communities of interest, and regional representation.
- Meetings are held virtually on the third Thursday of every other month, although additional meetings may be called as needed.
- Due to the potentially sensitive information shared with the group, only the invited member or their designated alternate may participate.
- Members who are unable to attend two or more consecutive meetings of the Broker Stakeholder Group may be subject to replacement.

If interested in being considered for membership, please complete this application and submit it to brokers@mnsure.org by Friday, May 3, 2024. New Broker Stakeholder Group members will be notified prior to the next scheduled meeting on May 23.

Name:

Agency:

Counties served (in-person only):

Do you have any special skills, such as fluency in non-English languages, or do you serve any populations of interest?

What about becoming a member of the Broker Stakeholder Group interests you?
